Dinosaurs Roar, Butterflies Soar!

Published by Chronicle Books

What are as light as a feather and as old as the dinosaurs? Butterflies! Award-winning author Bob Barner brings us the amazing history of butterflies, and how their lives intersected with the dinosaurs millions of years ago. Readers will be fascinated to discover that when they stop to admire a butterfly, a dinosaur may have once done the same! This informative book is sure to become a favourite of budding scientists everywhere.

TumbleBooks are animated, talking picture books that feature text, narration, animation, and sentence highlighting! They make reading accessible and fun in a format kids will love!!

It will transform your child's reading, and keep them engaged in a fun and mobile reading experience. Read TumbleBooks in the car, on a plane, even standing in line, or just relaxing at home – there will soon be hundreds more low-cost TumbleBooks available at the tips of your fingers!

TumbleBooks is the leading publisher of online interactive animated picture books for children. Tumblebooks have been enjoyed by children for over ten years and currently distributed through over 10,000 schools and libraries across North America. TumbleBooks are created from existing picture books from North America's biggest and best children's publishers such as Chronicle Books, Charlesbridge Press, Annick Press, Simon and Schuster, and many others!
